

Dutch National Championship on Playchess

The Dutch Chess Federation hosts the 2012 Dutch Internet Championship on Playchess. Seven Grandmasters will play in what is already the fourth national Dutch Internet Championship. Reigning Dutch Internet Champion Loek van Wely will defend his title. Other participants include Ivan Sokolov, Jan Smeets and Robin van Kampen. Ten players have earned a spot in the finals based on their rating, while two other players are qualified on the basis of their 'masterpoints' (masterpoints are earned in the Dutch two weekly internet tournaments). These 12 players are all directly qualified for the finals on June 30.

Four other players will qualify in the qualifying tournaments held from June 26 to June 29.

The total prize fund is € 2500, with a first prize of € 800. The qualifying tournaments are open to all Dutch players.

The tournament is played in tournament room 1 of the Royal Dutch Chess Federation on Playchess.

List of qualified players:

Handle	Player	Title	Masterpoints			Qualified
			FIDE	Total	2011-2012	
KingLoek	Loek van Wely	GM	2682			Rating
